RE: Sustainability Project Letterhead

Dear Ms. Downs;

Butler County is requesting removal of its name from the letterhead of the Sustainable Communities Grant, as Butler County is not an active partner in the program. As you are aware the Butler County Commission voted not to participate with the Sustainable Communities Grant. We would request Butler County's name be immediately removed from the letterhead and any information referencing Butler County being a partner in the program be removed from any information or websites. If you have any questions please contact Will Johnson, Butler County Administrator.

Sincerely,

Daniel J. Woydziak  
Chairman  
Butler County Commission

cc: County Commission  
Will Johnson, Butler County Administrator
